"The knowledge I have acquired since I started the course cannot be matched and I personally have seen and experienced how empty I was before taking the courses. I have seen myself growing from strength to strength, little by little, at my own pace and that is beautiful because of the hectic work schedule I have. My courses are detailed and arranged in such a way that I can apply them in my working environment."

PETERLIS O. M. (BACHELOR)

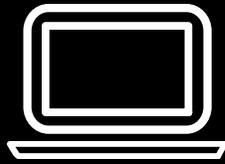

the FTU philosophy

FTU's philosophy is based on the belief that professional experience and education are interrelated. Therefore, each student's academic program culminates in the completion of an academic project related to a student's practical experience and/or occupation. As FTU's instructional goals are flexible and personalized, this project is developed with the assistance and approval of assigned faculty, qualified in the student's subject area.

Once having accomplished these goals, the following outcomes will be evidenced by the adult learner:

- (a) demonstrated mastery of course work assigned,
- (b) ability to analyze, define and recommend solutions to given problems,
- (c) demonstrated ability to reason and think abstractly,
- (d) demonstrated depth and breadth of knowledge in specified area of concentration,
- (e) an educational preparedness suitable to pursue advanced degree Programs,
- (f) an educational preparedness to qualify students to assume key responsibilities in business and professional environments.

FTU can bring the best learning experience to you!

Undergraduate Degrees

Bachelor of Science in Management (BSM)

The Bachelor of Science in Management program is designed to provide students with a practical education in the field of management. The program educates students to understand and apply the concepts of effective management in professional environments. The program focuses on the subjects of management, accounting, finance, marketing, operations, human resources management and business planning to prepare students for management responsibilities.

Bachelor of Business Administration (BBA)

The Bachelor of Business Administration degree program is designed to provide undergraduate students with practical education in business administration. The core courses offer a well-rounded education in management, accounting, marketing, finance, international business, and economics. Additional concentration courses are selected to focus on Management, Accounting, Human Resources Management, Marketing, International Business, Healthcare Administration, Information Systems, and Operations Management.

Graduate Degrees

Master of Business Administration (MBA)

The Master of Business Administration is a professional graduate degree designed to provide an intense educational experience to students and professionals in business that wish to assume senior leadership positions in a business environment. The program focuses on strategic management, organizational behavior, marketing, managerial economics, finance, and managerial accounting.

Concentration courses are selected to help students focus on various disciplines within business such as Financial Management, Operations, International Business, Information Systems, Healthcare Administration, Human Resource Management, Supply Chain Management, Taxation, Marketing Management, and Executive Management.

Certificates

Certificate in Business Management

The business management certificate is an excellent option for students to obtain continuing education and gain an edge over their peers. |

Certificate in Financial Accounting

This certificate program will develop students' expertise in financial accounting.

Certificate in Human Resources Management

This certificate program is designed to give students a well-rounded foundational knowledge of the most critical issues facing human resources professionals today.

Certificate in Logistics & Supply Chain Management

This program provides students with grounding in operations, logistics, and supply chain management.

Certificate in Marketing Management

This program will offer students the opportunity to expand their knowledge and understanding in customer relationships, product development, brand identity, competitive pricing, distribution channels, marketing communications, advertising, public relations, marketing plans and personal selling.

Academic Calendar

Frederick Taylor University maintains continuous enrollment throughout the year by operating on a trimester academic calendar. A trimester system divides the year into three terms: Spring, Summer, Fall. Each term is 16 weeks long and divided into 8 week sessions. Each course is 8 weeks long.

SPRING (JANUARY - APRIL)

Spring Session 1 (Jan-Feb)

Spring Session 2 (Mar-Apr)

SUMMER (MAY - AUGUST)

Summer Session 1 (May-Jun)

Summer Session 2 (Jul-Aug)

FALL (SEPTEMBER - DECEMBER)

Fall Session 1 (Sep-Oct)

Fall Session 2 (Nov-Dec)
